

Update: Night Work to complete installation of temporary water main near Broadway-City Hall continues November 28

November 24, 2021

Note: The notice from October 29, 2021 included this work and we now have an updated schedule to share.

The Broadway Subway Project Corporation (BSPC) is in your neighbourhood building an at-grade, safe and consistent four-lane traffic deck. As part of this work, BSPC is installing a new water main on the north side of W. Broadway from Cambie to Alberta to provide water to businesses until the traffic decking is removed and the road restored in 2024.

Night work from Cambie to Yukon streets will start the night of November 28, and is anticipated to take one week. Work between Yukon and Alberta streets was completed earlier this month. Water to neighbouring businesses and residences may be temporarily shut off from 10 p.m. until 5 a.m. while work to connect the new water main to the existing water main is completed. Water shutdowns generally occur overnight to minimize the impact on businesses and residents. **BSPC is directly contacting the businesses and residences we anticipate will be affected by a water shutdown.**

Please note, this information is current at the time of sending; however, schedules are subject to change. Visit www.broadwaysubway.ca for current details.

What to Expect

People in the area will experience elevated night noise from 8 p.m. to 5 a.m. Mitigation measures include, but are not limited, conducting the noisiest construction activities in the early evening, and installing white noise back-up beepers on heavy construction equipment where possible.

We know that construction can be disruptive, and we are working hard to minimize impacts in your neighbourhood and on your property. Thank you in advance for your patience. Updates will be provided at broadwaysubway.ca/construction, and the location of the work can be viewed on a map at: broadwaysubway.ca/construction/maps/.

Broadway Subway Project Corporation is committed to safety and COVID-19 Protocols while construction activities are underway and continues to follow the latest guidance from the Provincial Health Officer and WorkSafeBC.
