

Broadway Subway Project

The Broadway Subway Project is a 5.7km extension of the Millennium Line, from VCC–Clark Station to Broadway and Arbutus. It will provide fast, frequent, convenient SkyTrain service to B.C.'s second largest jobs centre, world-class health services, an emerging innovation and research hub, and growing residential communities.

The Broadway Subway Project budget is \$2.83 billion, funded and delivered by the Government of B.C., with contributions from the Government of Canada and the City of Vancouver.

Key Facts

- › 5.7 km extension primarily tunneled under Broadway
- › Six new underground stations near major intersections
- › 11 minutes from VCC-Clark Station to Arbutus Station
- › Connects with the current SkyTrain network
- › Integrates with the regional bus network
- › Connects communities and neighbourhoods along the Broadway Corridor

Project route and stations. Station locations to be confirmed and will be within 1 block of major intersections.

Construction is anticipated to begin in 2020 with the line in service in 2025.

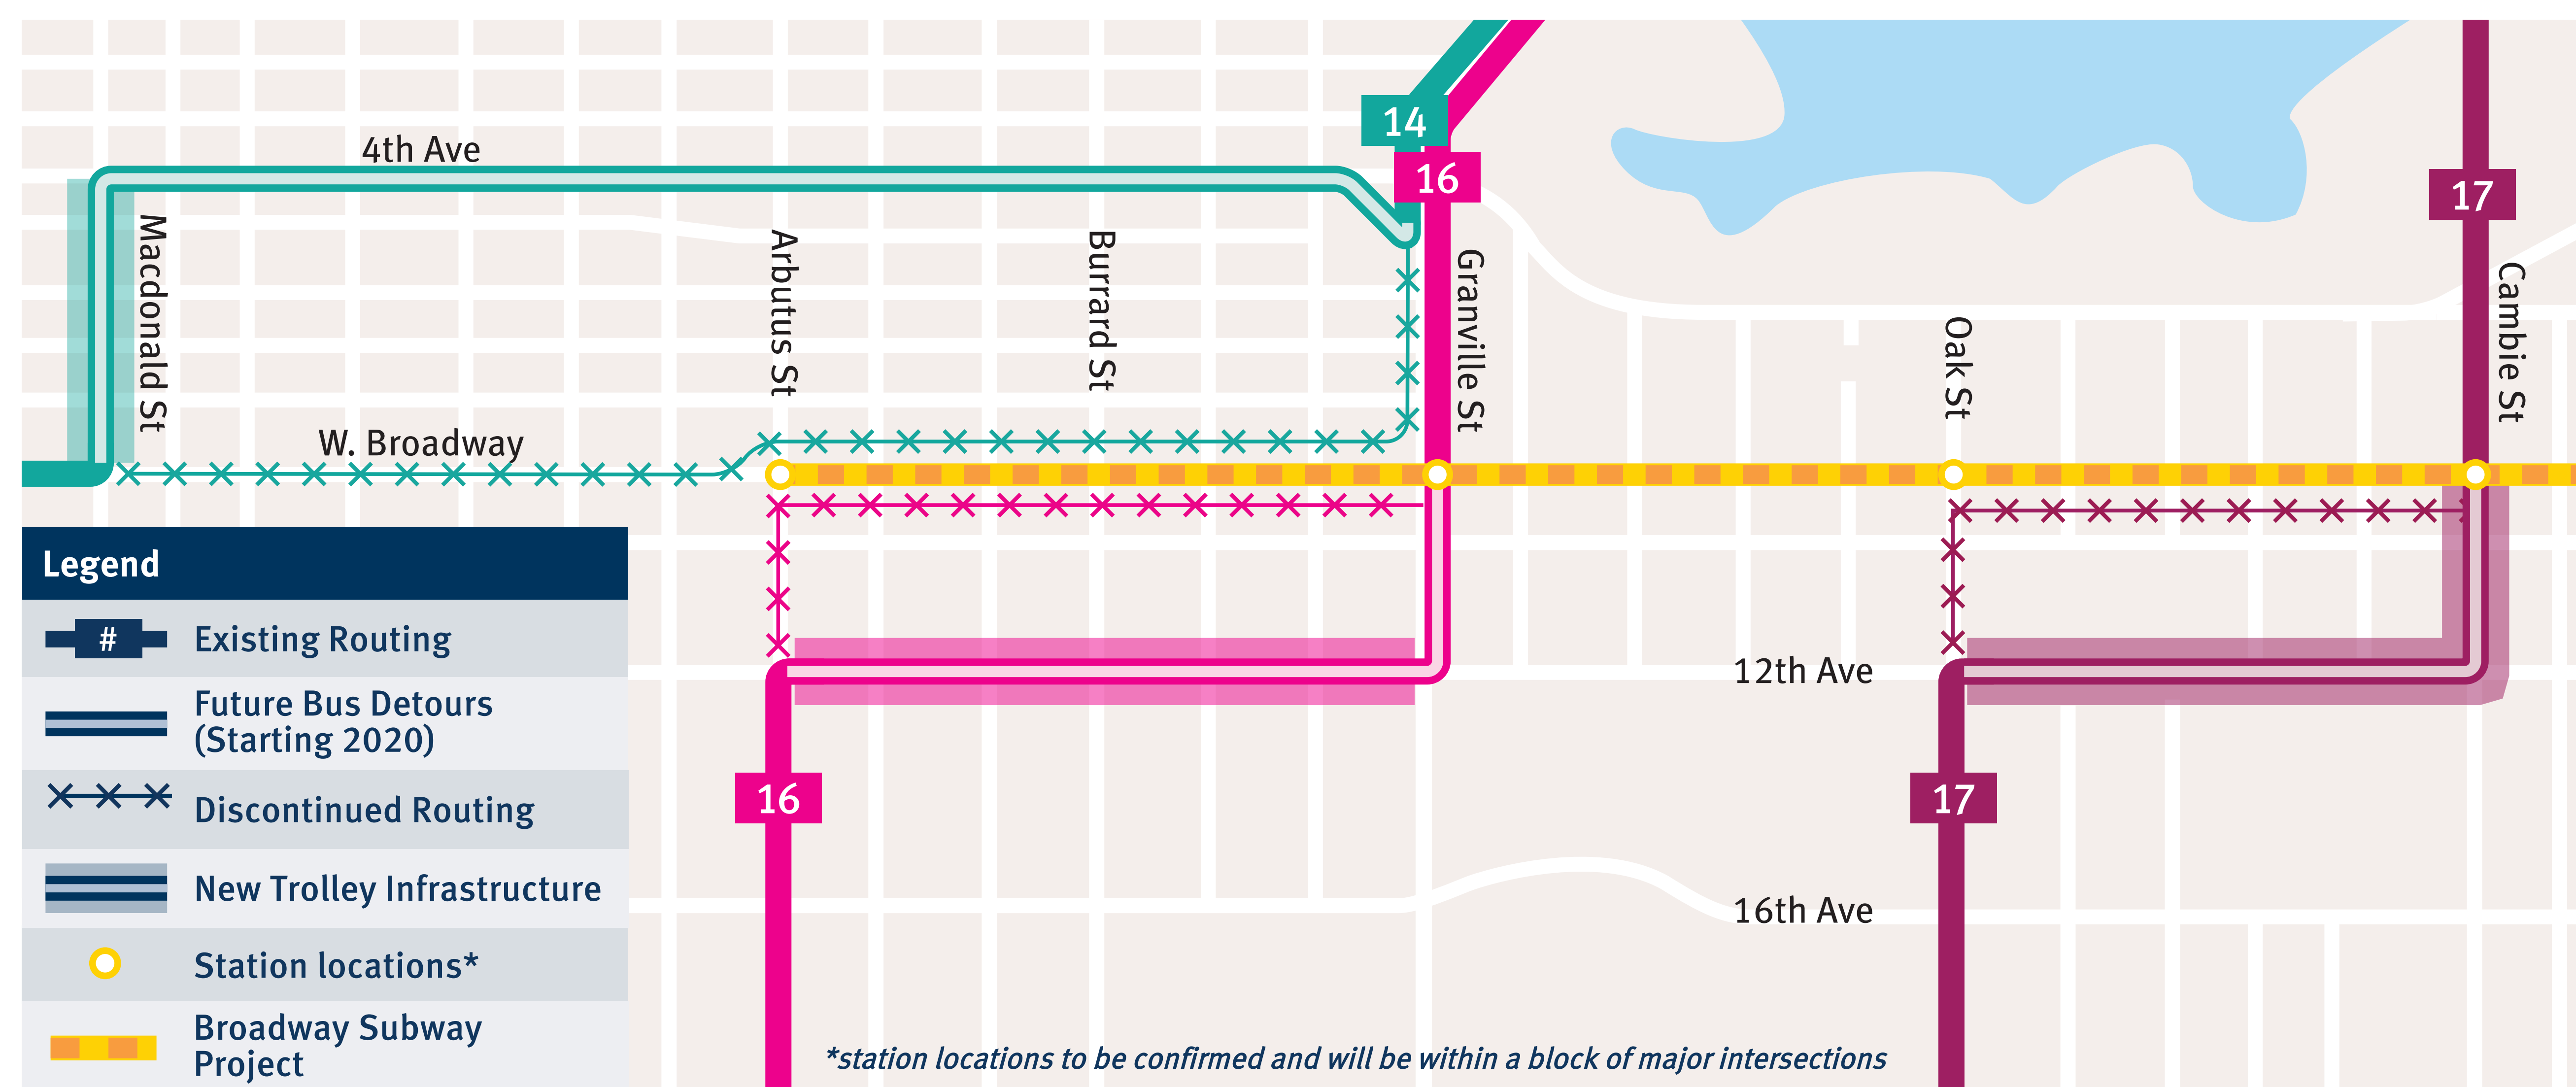

BROADWAY SUBWAY PROJECT

engage.gov.bc.ca/broadwaysubway

Early Works

Trolley bus routes 14, 16 and 17 will be relocated to adjacent streets before construction begins to keep Broadway safe for workers and the public while keeping buses, people and traffic moving during construction.

- › Trolley wires are being installed for these temporary bus detours along:
 - › Macdonald Street, between 4th Ave and Broadway;
 - › 12th Ave, between Arbutus and Granville Street, and Oak and Cambie Street; and
 - › Cambie Street, between Broadway and 12th Ave.
- › The 9 and 99 buses will remain on Broadway throughout construction.

Changes to existing bus routes will be shared in advance of any service changes in 2020. For questions on current transit services, call TransLink Customer Information at 604-953-3333.
