

UPDATE: January 21, 2020

## Utility Relocate near Cambie Street

### **NOTICE OF TEMPORARY NIGHT WORK – W. 8<sup>TH</sup> AVE. BETWEEN CAMBIE ST. AND ASH ST.**

Dear tenant,

Early construction work is taking place in the Cambie Street and West Broadway area, between December 2019 and March 2020, to relocate TELUS infrastructure in preparation for construction of the Broadway Subway Project.

**In order to minimize disruption to commercial and residential building access while work is underway, night work will be required on West 8<sup>th</sup> Avenue, under conditions outlined by a City of Vancouver permit.**

Currently, crews are working in the intersection of Cambie St. and W. 8<sup>th</sup> Ave. Once work in the intersection is complete, crews will begin moving west on W. 8<sup>th</sup> Ave., towards Ash St. While this work is underway, crews will need to temporarily cross the parkade and loading bay driveways on the south side of W. 8<sup>th</sup> Ave. (Please refer to the notice dated December 30, 2019 at [engage.gov.bc.ca/broadwaysubway/whats-happening-now/](https://engage.gov.bc.ca/broadwaysubway/whats-happening-now/))

The timing of this night work is subject to change based on the timing of current work at the intersection, and unforeseen factors such as weather delays.

**It is anticipated that night work may take place during the week of January 27 or February 3**, with each driveway crossing taking place over one-to-two night(s) between the hours of 7pm and 7am. We anticipate this work may result in some temporary noise and light impacts, and apologize in advance for any disruption.

Driveway access will be maintained while work is underway; please refer to the direction of temporary signage and traffic control personnel on site.

The Broadway Subway Project will work to keep residents informed of current and upcoming work, and updates will be available at the Broadway Subway project website at:

Sincerely,

The Broadway Subway Project Team
