

We are monitoring for noise near the future Broadway-City Hall, Oak-VGH, South Granville, and Arbutus stations

February 4, 2021

The Broadway Subway Project Corporation (BSPC) will be in the Broadway-City Hall, Oak-VGH, South Granville, and Arbutus neighbourhoods beginning the week of February 8 to take baseline noise measurements near the future station locations. Noise monitors are small, battery-operated instruments that will be temporarily placed in secure, outdoor locations like lamp posts, trees, or rooftops. Two monitors will be placed near each station. The information gathered during this work will help inform the construction planning and mitigation measures we could take to reduce impacts on residents and businesses.

What to Expect

Timing

The week of February 8 until February 12

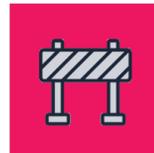

Hours of Work

Monday – Saturday
7:00 a.m. to 3:00 p.m.

Traffic

- Access to roads and properties will be maintained.

Impacts/Interruptions

- Access to sidewalks will be maintained.
- Surveyors will be in the area installing the temporary devices.

For more information on construction activities, please visit: <https://www.broadwaysubway.ca/construction/current-work/> and for a map of construction locations, go to: <https://www.broadwaysubway.ca/construction/maps/>

Our commitment is to keep you informed in advance of any upcoming construction activities to ensure you can plan accordingly. Please note, construction schedules can change on a short notice and we encourage you to visit the Project website for the latest information.

BSPC is committed to the health and safety of all our workers and our community. As per the guidance from the Provincial Health Officer and WorkSafe BC, we are adhering to all Covid-19 protocols during all construction related activities.

We know that construction can be disruptive, and we are working hard to minimize impacts in your neighbourhood and on your property. Thank you in advance for your patience and understanding.
