

Relocating water lines and sanitary sewer connections in Mount Pleasant: Night Work and Water Shutdown

July 27, 2021

UPDATE: The notification dated July 9, 2021, has been updated with current scheduling details.

The Broadway Subway Project Corporation (BSPC) is in your neighbourhood building the traffic deck. Once completed, the traffic deck maintains an at-grade, safe and consistent four-lane traffic configuration while station construction continues below. As part of this work, BSPC has identified water and sanitary service connections to various buildings on the north side of E. Broadway from Main Street to Quebec Street that need to be relocated.

BSPC completed the first relocation of water and sanitary service connections in mid-July. Relocation of additional water and sanitary service connections will continue at different locations on various dates until the end of August. Upcoming work includes the relocation of fire hydrants at the intersection of E. Broadway and Quebec and relocating the main water line to the north side of E. Broadway. Water to neighbouring businesses and residences will be temporarily shut off while their water service connections are relocated. Water shutoffs will generally be performed overnight to minimize the impact on businesses and residents. **BSPC is directly contacting the businesses and residents we anticipate will be affected by the water shutdown.**

Please note, this information is current at the time of sending, however due to unforeseen circumstances, schedules are subject to change. BSPC will update this notification as additional dates and times for water shutdowns are confirmed.

Other important information:

- Access for all abilities will be maintained to residences, businesses, and services.
- Emergency access is maintained at all times.
- When possible, crews will perform the noisiest construction activities during the day to reduce overnight noise.

We know that construction can be disruptive, and we are working hard to minimize impacts in your neighbourhood and on your property. We will continue to keep you informed in advance of any local work now and in the future to help you plan accordingly. Thank you in advance for your patience.

Updates will be provided at broadwaysubway.ca/construction, and the location of the work can be viewed on a map at: broadwaysubway.ca/construction/maps/. Updates will also be emailed to local registered contacts, and additional notification will be provided where possible. Please note, construction schedules can change on short notice.

Broadway Subway Project Corporation is committed to safety and COVID-19 Protocols while construction activities are underway and continues to follow the latest guidance from the Provincial Health Officer and WorkSafeBC.
