

Relocating water line connections in Mount Pleasant: Night Work starting August 19; water shutdowns starting August 25

August 18, 2021

UPDATE: The notification dated August 12, 2021, has been updated with current scheduling details, including nightwork.

The Broadway Subway Project Corporation (BSPC) is in your neighbourhood building the traffic deck. Once completed, the traffic deck maintains an at-grade, safe and consistent four-lane traffic configuration while station construction continues below. As part of this work, BSPC has identified water and sanitary service connections to various buildings on both side of E. Broadway from Main Street to Quebec Street that need to be relocated.

BSPC completed the first relocation of water and sanitary service connections in mid-July. Relocation of additional water and sanitary service connections will continue at different locations on various dates through September. Upcoming work includes the relocation of fire hydrants at the intersection of E. Broadway and Quebec and relocating the main water line to the north side of E. Broadway. Water to neighbouring businesses and residences will be temporarily shut off while their water service connections are relocated. Water shutoffs will generally be performed overnight to minimize the impact on businesses and residents. **BSPC is directly contacting the businesses and residents we anticipate will be affected by the water shutdown.**

Please note, this information is current at the time of sending, however due to unforeseen circumstances, schedules are subject to change. BSPC will update this notification as additional dates and times for water shutdowns are confirmed.

Traffic

- Traffic on E. Broadway between Kingsway and Ontario Street is reduced to three lanes during traffic deck construction (2 eastbound and 1 westbound).
- Traffic on E. Broadway between Main Street and Quebec Street reduced to two lanes (one in each direction) during select nightwork.
- Turn restrictions in effect at the intersection of Main Street and E. Broadway.
- Access from E. Broadway to the lane west of Main Street is closed. Access available from E. 8th Avenue.
- Flaggers and signs will assist pedestrians and cyclists navigate.

Impacts/Interruptions

- Overnight water shutdowns August 25, 26 and 29.
- Residents and businesses may experience noise. There will be saw cutting and excavation of the southside sidewalk Aug. 19-23 (except Aug. 21).
- As early as August 20, steel plates will be used to cover the excavation of the south sidewalk during the day.
- Relocation of the fire hydrant at the north-east corner of Quebec Street at E. Broadway to the north-west corner: Date TBD.

Other important information:

- Access for all abilities will be maintained to residences, businesses and services.
- Emergency access is maintained at all times.
- When possible, crews will perform the noisiest construction activities during the day or between 8-10 p.m. to reduce overnight noise.

We know that construction can be disruptive, and we are working hard to minimize impacts in your neighbourhood and on your property. We will continue to keep you informed in advance of any local work now and in the future to help you plan accordingly. Thank you in advance for your patience.

Updates will be provided at broadwaysubway.ca/construction, and the location of the work can be viewed on a map at: broadwaysubway.ca/construction/maps/. Updates will also be emailed to local registered contacts, and additional notification will be provided where possible. Please note, construction schedules can change on short notice.

Broadway Subway Project Corporation is committed to safety and COVID-19 Protocols while construction activities are underway and continues to follow the latest guidance from the Provincial Health Officer and WorkSafeBC.
