

Night Work to re-connect utilities near Granville Street and W. Broadway begins on November 21, 2021

November 19, 2021

Note: The notices from [October 7](#) and [October 20](#) 2021 included this work and we now have current scheduling, traffic details, and impacts to share.

The Broadway Subway Project Corporation (BSPC) is relocating utilities in your neighbourhood ahead of major construction. As part of this work, BSPC is relocating water service connections over two-weeks at Granville St. and at Hemlock St. Work is being completed at night to minimize impacts to businesses and residents. **BSPC will directly contact the businesses and residents we anticipate will be affected by a water shutdown.**

What to Expect

People in the area can expect two lanes of traffic on W. Broadway between Granville and Hemlock streets at night. Access to residences and businesses will be maintained. This work will result in elevated noise levels and may also result in temporary sidewalk detours. Mitigation measures include, but are not limited to, conducting the noisiest construction activities during the early evening and white noise back-up beepers on heavy construction equipment during night construction. Please plan extra travel time, watch for wayfinding information, and obey traffic control personnel and all signs.

Please note, this information is current at the time of sending; however, schedules are subject to change. Visit

We know that construction can be disruptive, and we are working hard to minimize impacts in your neighbourhood and on your property. Thank you in advance for your patience. Updates will be provided at broadwaysubway.ca/construction, and the location of the work can be viewed on a map at: broadwaysubway.ca/construction/maps/.

Broadway Subway Project Corporation is committed to safety and COVID-19 Protocols while construction activities are underway and continues to follow the latest guidance from the Provincial Health Officer and WorkSafeBC.
