

Update: Night Work to re-connect utilities near Maple and Cypress streets continues – includes temporary vehicle access restriction to Cypress St.

November 26, 2021

Note: The notice from November 24, 2021 included this work and we have updated scheduling, traffic details, and impacts to share.

The Broadway Subway Project Corporation (BSPC) is relocating utilities in your neighbourhood ahead of major construction. As part of this work, BSPC is relocating water service connections. This work is continuing to be done at night to minimize impacts to businesses and residents and is expected to conclude in early December. **BSPC will directly contact the businesses and residents we anticipate will be affected by a water shutdown.**

What to Expect

People in the area can expect vehicle access to Cypress St. from W. Broadway to be restricted on the north side during that work and a minimum of two lanes of traffic on W. Broadway to be maintained, one in each direction. Access to residences and businesses will be maintained throughout the night work and W. Broadway will be returned to a four-lane configuration and Cypress St. will be re-opened each morning. The work will also result in temporary sidewalk detours and elevated noise. Mitigation measures include, but are not limited to, conducting the noisiest construction activities during the early evening and white noise back-up beepers on heavy construction equipment during nighttime construction. Please plan extra travel time, watch for wayfinding information, and obey traffic control personnel and all signs.

Please note, this information is current at the time of sending; however, schedules are subject to change. Visit www.broadwaysubway.ca for current details.

We know that construction can be disruptive, and we are working hard to minimize impacts in your neighbourhood and on your property. Thank you in advance for your patience. Updates will be provided at broadwaysubway.ca/construction, and the location of the work can be viewed on a map at: broadwaysubway.ca/construction/maps/.

Broadway Subway Project Corporation is committed to safety and COVID-19 Protocols while construction activities are underway and continues to follow the latest guidance from the Provincial Health Officer and WorkSafeBC.
