

Core working hours at the future Great Northern Way – Emily Carr Station are changing – Beginning January 10, 2022

December 23, 2021

The Broadway Subway Project Corporation (BSPC) is in neighbourhoods along Great Northern Way and Broadway from Main to Arbutus streets. Beginning January 10 at the future Great Northern Way – Emily Carr Station, our working hours will move to 24 hours as we prepare for tunneling operations this spring.

What to Expect

Access to residences, businesses and parking garages will continue to be maintained during all work activities. Residents and businesses in the area should expect elevated noise during some work activities and temporary lane closures at night. Please plan extra travel time, watch for wayfinding information, and obey traffic control personnel and all signs.

To help mitigate expected elevated noise early in the morning and later in the evening, the Project will:

- Conduct the noisiest part of the work during the day;
- Build sound barriers along the perimeter of the Project;
- Continue noise monitoring efforts and modify noise mitigation measures as appropriate; and
- Install white-noise back-up beepers on major equipment and reduce the use of back-up-beepers at night.

Updates on all construction activities are provided at broadwaysubway.ca/construction. BSPC will directly contact the businesses and residents we anticipate will be affected closer to the start of major construction activities.

We know that construction can be disruptive, and we are working hard to minimize impacts in your neighbourhood and on your property. We will continue to keep you informed in advance of work to help you plan accordingly. Thank for your patience.

Broadway Subway Project Corporation is committed to safety and COVID-19 Protocols while construction activities are underway and continues to follow the latest guidance from the Provincial Health Officer and WorkSafeBC.
