

Elevated Guideway construction starts on December 15

December 13, 2021

The Broadway Subway Project Corporation (BSPC) is in your neighbourhood building the elevated guideway that connects VCC-Clark Station to the Great Northern Way Station. On December 15, construction of the elevated guideway will start. This work involves drilling piles, the construction of 21 columns that support the guideway, and finishing with the installation of horizontal supports and slabs. Work is expected to be completed by end of 2022.

Residents and businesses in the area may experience some noise and vibration during construction activities, traffic congestion, possible temporary road closures and reduced street parking, speed limits, and travel lanes. Please plan extra time, watch for wayfinding information, and obey traffic control personnel and all signs. Check out our [Project video](#) for more details on how we are building the Elevated Guideway. The orange shaded area on map below illustrates the elevated guideway.

Please note, this information is current at the time of sending, however schedules are subject to change. BSPC will share more specific timeframes in advance of the work happening. For the most current details, visit www.broadwaysubway.ca.

What to Expect

Timing

- December 15, 2021 until the end of 2022

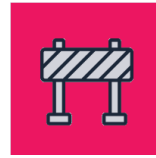

Hours of Work*

- Monday to Friday, 6 a.m. to 10 p.m.
- Occasional nightwork may be required.

Traffic

- Earl Finning Way is reduced to a single lane, eastbound only.
- No parking:
 - From the beginning of January 2022 to April 2023: Along the north side of Great Northern Way from 565 Great Northern Way west to Thornton St.
 - For about 2-months beginning early January 2022: Along Earl Finning Way, Foley, and Fraser streets.
 - For about 4-weeks along Carolina Street for utility work starting in mid-January.
 - Drivers are encouraged to use existing parkades.

Impacts/Interruptions

- Access for all abilities will be maintained to residences, businesses, and services.
- People travelling or living in the area may notice an increase in construction vehicles.
- Expect elevated noise during the excavation process.

We know that construction can be disruptive, and we are working hard to minimize impacts in your neighbourhood and on your property. Thank you in advance for your patience. Updates will be provided at broadwaysubway.ca/construction, and the location of the work can be viewed on a map at: broadwaysubway.ca/construction/maps/.

Broadway Subway Project Corporation is committed to safety and COVID-19 Protocols while construction activities are underway and continues to follow the latest guidance from the Provincial Health Officer and WorkSafeBC.
