

Night Work: Geotechnical survey near Canada Line station on Cambie Street at W Broadway December 6

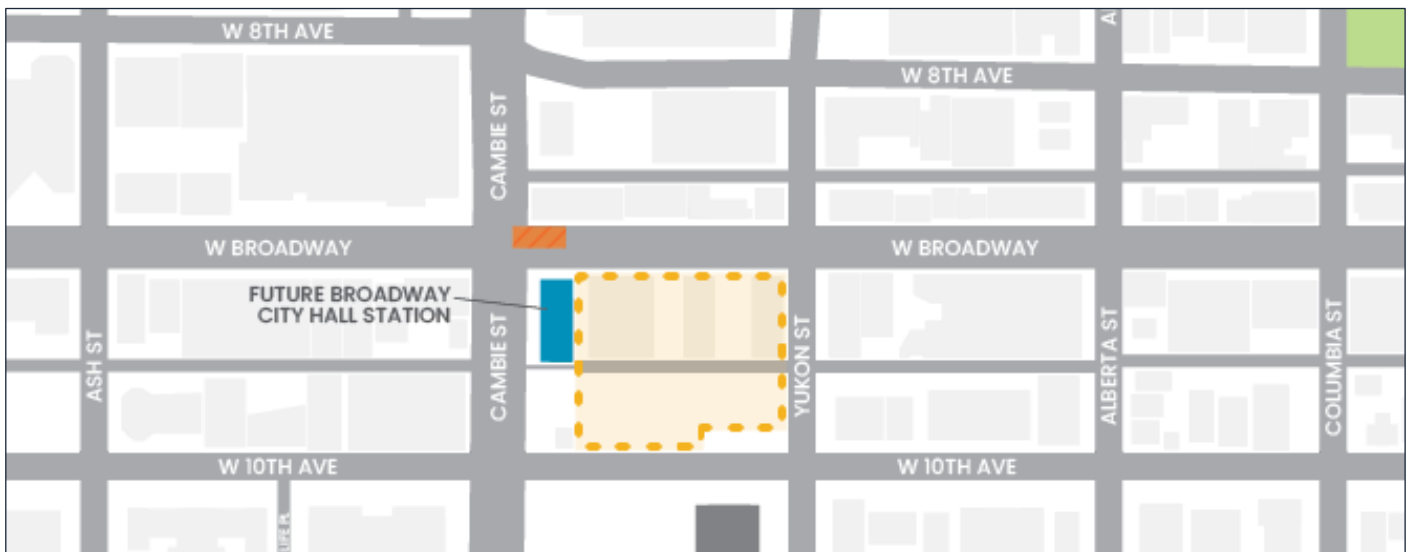

December 6, 2021

The Broadway Subway Project Corporation (BSPC) is in your neighbourhood building the Broadway Subway Project. In preparation for building a new station connection to the existing Broadway-City Hall station, BSPC will be doing geotechnical surveys near the Canada Line station at Cambie Street and W Broadway on December 6, from 8 p.m. to 2 a.m. During this work, traffic on Cambie Street will be reduced to three lanes (2 lanes south and 1 north) between W 8th and W 10th avenues. Traffic on W Broadway will also be reduced to three lanes (2 lanes east and 1 west) through the intersection at Cambie Street.

Please note, this information is current at the time of sending; however, schedules are subject to change. Visit www.broadwaysubway.ca for current details.

What to Expect

People in the area can expect lane closures on both Cambie Street and W Broadway, and a pedestrian detour around the work zone at the northeast corner of Cambie Street at W Broadway. Residents will experience elevated noise during the work. Mitigation measures include, but are not limited to, conducting the noisiest construction activities in the early evening, and installing white noise back-up beepers on heavy construction equipment where possible. Please plan extra travel time, watch for wayfinding information, and obey traffic control personnel and all signs.

We know that construction can be disruptive, and we are working hard to minimize impacts in your neighbourhood and on your property. Thank you in advance for your patience. Updates will be provided at broadwaysubway.ca/construction, and the location of the work can be viewed on a map at: broadwaysubway.ca/construction/maps/.

Broadway Subway Project Corporation is committed to safety and COVID-19 Protocols while construction activities are underway and continues to follow the latest guidance from the Provincial Health Officer and WorkSafeBC.
