

Utility relocations along East 1st Avenue and Carolina Street starts January 30 – includes night work

January 27, 2022

Note: The notice from November 15, 2021 included this work and we now have specific times for impacts.

Starting January 30, 2022, crews will be relocating the utilities along East 1st Avenue and Carolina Street between Emily Carr University of Art and Design and the Centre for Digital Media. Work will primarily be during the day, except during planned water shut offs overnight on Sunday, January 30th and Monday, January 31st. Affected residents and stakeholders will be notified directly. Vehicle access to East 1st Avenue from Carolina Street will be restricted and drivers are invited to use Fraser Street for westward entrances and Foley for eastward exits until the end of February. Pedestrians will be detoured around work zones as required. Please watch for wayfinding information and follow instructions from traffic control personnel and all signs. Access to residences, businesses and parking lots in the area will be maintained and is illustrated with the orange arrows on map below.
