

# Removing trees near future Great Northern Way-Emily Carr station starting February 2, 2022

February 2, 2022

The Broadway Subway Project Corporation (BSPC) will be removing trees (highlighted in blue on map below) in the Great Northern Way construction corridor to provide clearance for survey monitoring equipment and access to utility lines. The trees being removed are a variety of species: Black Cotton Wood, Cherry, Lodgepole Pine, Norway Maple, Paper Birch, and English Holly.

The Project team will work with the City of Vancouver through the street design process to replace these trees with new trees that complement existing trees in this neighbourhood. In addition, the landscape team will create vegetation features to maintain the neighbourhood's distinct look and feel.

## What to Expect

- Curb lane closures on south side (eastbound) of Great Northern Way: from Thornton Street to east side of St. Francis Xavier Church and on the east side of Thornton Street, north of East 1<sup>st</sup> Avenue
- Intermittent sidewalk detours managed by flaggers during tree removal
- Work will occur between 9 a.m. to 8 p.m. starting February 2, 2022. The work on the south side of Great Northern Way in front of St. Francis Xavier School and Church will occur between 9 a.m. and 8 p.m. on Saturday, February 5, 2022
