

Traffic deck installation starts in Oak-VGH in March

February 23, 2022

The Broadway Subway Project Corporation (BSPC) is in your neighbourhood building an at-grade, safe and consistent four-lane traffic deck on W. Broadway between Laurel and Oak streets. This work involves placing support beams and deck plates at night using cranes and then bolting the traffic deck in place during the day. Temporary street lighting will also be installed to maintain illumination. Once work on the north side is complete, excavation and installation will begin on the south side of W. Broadway. The full traffic deck is expected to be open in summer 2022.

Residents and businesses will experience some noise and vibration during the installation of the traffic deck. People should expect congestion, possible temporary lane shifts and closures, sidewalk modifications, and reduced street parking, speed limits, and travel lanes. Please plan extra time, watch for wayfinding information, and obey traffic control personnel and all signs. Check out our Project [video](#) for more details on how we are building the traffic deck. The purple area on map below illustrates the area of work.

Please note, this information is current at the time of sending, however schedules are subject to change. BSPC will share more specific timeframes in advance of the work happening. For the most current details, visit www.broadwaysubway.ca.

What to Expect

Timing

- March to summer 2022

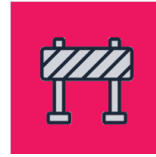

Hours of Work

- Monday to Saturday
 - Day: 6:00 a.m. to 10:00 p.m.
 - Night work: 10:00 p.m. to 5:00 a.m.
 - May include occasional work on Sunday.

Traffic

- Day-time traffic maintains two lanes in each direction.
- Off-peak traffic maintains 1 westbound and 2 eastbound lanes.
- Turn restrictions are in effect at both intersections of Laurel St. and Oak St. at W. Broadway.
- There will be a single, alternating lane of traffic between Laurel and Oak streets, during night work from 12:00 a.m. to 5:00 a.m.
- 10-minute lane closures for crane movements are expected once an hour starting at 12:00 a.m.
- Flaggers and signs will assist pedestrians and cyclists to navigate the area.

Impacts/Interruptions

- Access for all abilities will be maintained to residences, businesses, and services.
- Elevated noise and vibration.
- Pedestrians will be detoured around work zones as required.
- [View](#) the parking alternatives map for options.
- Transit users can check the [Trip Planner](#) as some stop locations have changed.

We know that construction can be disruptive, and we are working hard to minimize impacts in your neighbourhood and on your property. Thank you in advance for your patience. Updates will be provided at broadwaysubway.ca/construction, and the location of the work can be viewed on a map at: broadwaysubway.ca/construction/maps/.

Broadway Subway Project Corporation is committed to safety and COVID-19 Protocols while construction activities are underway and continues to follow the latest guidance from the Provincial Health Officer and WorkSafeBC.
