

Preparing for the traffic deck at the future South Granville Station begins on March 13 – Some Night Work

March 7, 2021

Note: The notice from [Feb. 23, 2022](#) includes this work and we have updated scheduling, traffic details, and impacts to share.

The Broadway Subway Project Corporation (BSPC) is in your neighbourhood preparing to install the traffic deck in front of the future South Granville station block. Work includes nighttime excavation at Hemlock Street and W. Broadway, followed by the installation of supports and deck panels on W. Broadway, from Hemlock to Granville streets. Some work will be done overnight to minimize impacts to residents, businesses, and traffic. The traffic deck is expected to be completed in the summer.

What to Expect

Access to residences, businesses, and parking lots will be maintained throughout the night work. People in the area can expect congestion, sidewalk modifications, overnight lane and turn restrictions on W. Broadway, Granville St., and Hemlock St, including alternating one-way traffic on W. Broadway at night. Pedestrians may be detoured around the work. Please plan extra time, watch for wayfinding information, and obey traffic control personnel and all signs. Check out our Project [video](#) for more details on how we are building the traffic deck. Residents will experience elevated noise during the work. Mitigation measures include, but are not limited to, conducting the noisiest construction activities during the day and minimizing the use of back-up beepers. Please plan extra travel time, watch for wayfinding information, and obey traffic control personnel and all signs.

Please note, this information is current at the time of sending; however, schedules are subject to change. Visit www.broadwaysubway.ca for current details.

We know that construction can be disruptive, and we are working hard to minimize impacts in your neighbourhood. Thank you in advance for your patience. Updates will be provided at broadwaysubway.ca/construction, and the location of the work can be viewed on a map at: broadwaysubway.ca/construction/maps/.

Broadway Subway Project Corporation is committed to safety and COVID-19 Protocols while construction activities are underway and continues to follow the latest guidance from the Provincial Health Officer and WorkSafeBC.
