

Night Work on W. Broadway between Cypress and Arbutus streets continues through April

March 29, 2022

Note: The notice from [March 3, 2022](#) includes this work and we have updated scheduling, traffic details, and impacts to share.

The Broadway Subway Project Corporation (BSPC) is in your neighbourhood relocating utilities on W. Broadway between Cypress and Arbutus streets, and on Arbutus street. This work will be done overnight to minimize impacts to residents, businesses, and traffic. The work is expected to continue through April, moving to Arbutus Street, and complete by the end of April. **BSPC will directly contact the businesses and residents we anticipate will be affected by a water shutdown.**

What to Expect

Access to residences, businesses, and parking lots will be maintained throughout the night work. People in the area can expect overnight lane restrictions on W. Broadway (Cypress to Arbutus streets) and on Arbutus Street (W. 8th Ave. to W. 10th Ave.) and temporary sidewalk detours around the work area. There may also be traffic restrictions on Cypress and Arbutus streets, while work takes place in these intersections during the day and night. The work will result in elevated noise on the Project site and related to the utility relocation work. Mitigation measures include, but are not limited to, conducting the noisiest construction activities during the day and minimizing the use of back-up beepers. Please plan extra travel time, watch for wayfinding information, and obey traffic control personnel and all signs.

Please note, this information is current at the time of sending; however, schedules are subject to change. Visit www.broadwaysubway.ca for current details.

We know that construction can be disruptive, and we are working hard to minimize impacts in your neighbourhood. Thank you in advance for your patience. Updates will be provided at broadwaysubway.ca/construction, and the location of the work can be viewed on a map at: broadwaysubway.ca/construction/maps/.

Broadway Subway Project Corporation is committed to safety and COVID-19 Protocols while construction activities are underway and continues to follow the latest guidance from the Provincial Health Officer and WorkSafeBC.
