

Traffic deck installation at the future Arbutus Station begins May 30 – Includes nightwork

May 27, 2022

Note: The notice from [April 12, 2022](#) includes this work and we have updated scheduling and traffic details to share.

The Broadway Subway Project Corporation (BSPC) is in your neighbourhood preparing to install the traffic deck in the future Arbutus station blocks. While most of the work will be conducted during the day, there will be some work at night to build the traffic deck on the south side of W. Broadway, from Arbutus St. towards Cypress St. The south side of the traffic deck will be finished this summer and the full traffic deck is expected to be completed in the fall of 2022.

What to Expect

Access to residences, businesses, and parking lots will be maintained throughout the work. People in the area can expect congestion, sidewalk modifications, overnight lane and turn restrictions on W. Broadway, Cypress, Maple, and Arbutus streets, including alternating one-way traffic on W. Broadway at night and temporary 10-minute road closures. Pedestrians may be detoured around the work. Please plan extra time, watch for wayfinding information, and obey traffic control personnel and all signs. Check out our Project [video](#) for more details on how we are building the traffic deck.

Residents will experience elevated noise during the work. Mitigation measures include, but are not limited to, conducting the noisiest construction activities during the day and minimizing the use of back-up beepers. Please plan extra travel time, watch for wayfinding information, and obey traffic control personnel and all signs.

Please note, this information is current at the time of sending; however, schedules are subject to change. Visit www.broadwaysubway.ca for current details.

We know that construction can be disruptive, and we are working hard to minimize impacts in your neighbourhood. Thank you in advance for your patience. Updates will be provided at broadwaysubway.ca/construction, and the location of the work can be viewed on a map at: broadwaysubway.ca/construction/maps/.

Broadway Subway Project Corporation is committed to safety and COVID-19 Protocols while construction activities are underway and continues to follow the latest guidance from the Provincial Health Officer and WorkSafeBC.
