

Tree removal next to Canada Line Station

May 11, 2022

The Broadway Subway Project Corporation (BSPC) will be removing a tree in the Broadway-City Hall construction corridor to provide clearance for construction. At the southeast corner of Cambie and W. Broadway, BSPC will remove one European Beech (species *Fagus sylvatica*) between 9 a.m. to 5 p.m on May 12th. The area in green below highlights the approximate tree removal area.

Once work is completed, the Project team will work with the City of Vancouver through the street design process to replace the tree with one that complements existing trees in this neighbourhood. In addition, the landscape team will create vegetation features to maintain the neighbourhood's distinct look and feel.

We know that construction can be disruptive, and we are working hard to minimize impacts in your neighbourhood. We will continue to keep you informed in advance of any local work now and in the future to help you plan accordingly. Thank you in advance for your patience.

Updates will be provided at broadwaysubway.ca/construction, and the location of the work can be viewed on a map at: broadwaysubway.ca/construction/maps/. Updates will also be emailed to local registered contacts, and additional notification will be provided where possible. Please note, construction schedules can change on short notice.

Broadway Subway Project Corporation is committed to safety and COVID-19 Protocols while construction activities are underway and will be following the latest guidance from the Provincial Health Officer and WorkSafeBC.
