

Night work – Electrical work at the intersection of E. Broadway at Quebec Street

June 6, 2022

The Broadway Subway Project Corporation (BSPC) is in your neighbourhood building the future Mount Pleasant station. As part of this work, BSPC will be relocating wires at the intersection of Quebec Street and E. Broadway overnight from June 8th to 9th.

During this activity, two lanes of traffic will be maintained, one westbound and one eastbound, on E. Broadway through the Quebec Street intersection. Pedestrians will be detoured around work zones as required. Please plan extra travel time, watch for wayfinding information, and obey traffic control personnel and all signs. While this work is not expected to be noisy, residents in the area can expect intermittent elevated noise in the area. The green area in the map below indicates the work zone.

We know that construction can be disruptive, and we are working hard to minimize impacts in your neighbourhood. Thank you in advance for your patience. Please note, this information is current at the time of sending; however, schedules are subject to change. BSPC will update the website with specific dates once timelines are confirmed. Visit www.broadwaysubway.ca for current details.
