

## Utility relocation and roadwork at the intersection of Oak St. and W. Broadway begins July 28 – Night Work

July 28, 2022

The Broadway Subway Project Corporation (BSPC) is in your neighbourhood continuing to relocate utilities and conduct roadwork at Oak St. and W. Broadway. Completing this work requires temporary overnight traffic lane restrictions on W. Broadway at the Oak St. intersection between 6 p.m. and 5 a.m., beginning on July 28 for up to five nights.

### What to Expect

During the work, one lane of traffic in each direction will be maintained in the intersection at Oak St. and W. Broadway and access to residences, businesses, and parking lots will be preserved. Work will include the placement of barriers, paving, asphalt removal, line painting, hydrovac, and utility reconnections. This work will result in elevated noise at night. Mitigation measures include, but are not limited to, conducting the noisiest construction activities during the early evening, minimizing the need to use back-up beepers on site, and installing white noise devices on heavy construction equipment for night construction.

We thank residents for their patience while we conduct the necessary night work. Please plan extra travel time, watch for wayfinding information, and obey traffic control personnel and all signs. The map below shows the area of work in orange. Please note, this information is current at the time of sending; however, schedules are subject to change. BSPC will update the website with specific dates once timelines are confirmed.

We know that construction can be disruptive, and we are working hard to minimize impacts in your neighbourhood. Thank you in advance for your patience. Updates will be provided at [broadwaysubway.ca/construction](https://broadwaysubway.ca/construction), and the location of the work can be viewed on a map at: [broadwaysubway.ca/construction/maps/](https://broadwaysubway.ca/construction/maps/).
