

Site preparation near the future Arbutus station continues with tree removal over the coming weeks

August 3, 2022

The Broadway Subway Project Corporation (BSPC) continues to prepare the site for the next phase of construction with the removal of eight trees (big-leaf maple, red maple, silver birch, and magnolia) adjacent to the future station north of W. Broadway and on Maple St. north of W. Broadway. This removal process has included a review by Vancouver Park Board personnel. Healthy trees that do not impede construction activities will be protected and retained.

The Project team will work with the City of Vancouver through the street design process to replace the removed trees with vegetation that complements existing trees in this neighbourhood. In addition, the landscape team will create vegetation features to maintain the neighbourhood's distinct look and feel.

What to Expect

- Work will occur over the next few weeks during daytime hours of 7 a.m. to 8 p.m.
- Pedestrians may be detoured around the work. Please pay attention to signs and follow instructions from flaggers.
- Access to residences and businesses will be maintained.

We know that construction can be disruptive, and we are working hard to minimize impacts in your neighbourhood. Thank you in advance for your patience. Updates will be provided at broadwaysubway.ca/construction, and the location of the work can be viewed on a map at: broadwaysubway.ca/construction/maps/.
