

One lane of Arbutus Street closed to traffic beginning October 19 and full street closure on October 22 and 23 from the laneway north of W. 10th Avenue towards W. Broadway to support utility relocation

October 19, 2022

Note: The notice from [October 13, 2022](#) includes this work and we have updated scheduling to share.

The Broadway Subway Project Corporation (BSPC) is relocating a watermain in your neighbourhood ahead of building the Arbutus Station. On October 19, relocation work will require the closure of the northbound lane on Arbutus Street from the laneway north of W. 10th Avenue to W. Broadway for about three weeks. Southbound vehicle access will be maintained on Arbutus Street during this time. On October 22 and 23, work will take place on Arbutus Street from the laneway north of W. 10th Avenue to W. Broadway, which requires the closure of the street to all vehicle traffic that weekend. Vehicles are advised to take Cypress, Burrard, Maple, Yew, or Vine streets as alternate routes. Pedestrian access for all abilities will be maintained to residences, businesses, and services. The work area is shown in orange below, with red indicating other current street closures.

What to Expect

People in the area can expect elevated noise levels, some traffic congestion, reduced speeds, and to be detoured around the work as required. Please plan extra travel time, watch for wayfinding information, and obey traffic control personnel and all signs. We know that construction can be disruptive, and we are working hard to minimize impacts in your neighbourhood. Thank you in advance for your patience.

Please note, this information is current at the time of sending; however, schedules are subject to change. Visit www.broadwaysubway.ca for current details.

Updates will be provided at broadwaysubway.ca/construction.
