

Night work to implement traffic changes at Broadway-City Hall this weekend

December 1, 2022

Note: The notice from June 10, 2022 mentioned this work and we now have an updated schedule to share.

The Broadway Subway Project Corporation (BSPC) is in your neighbourhood to implement the next stage of traffic changes at Cambie Street and the future Broadway-City Hall station.

Crews will work one night this weekend from 8 p.m. through 6 a.m. the following morning. While traffic changes are implemented, east-west traffic on W. Broadway will be reduced to one lane in each direction around the intersection of Cambie at W. Broadway. Crosswalks and sidewalk segments may be restricted, and pedestrians will be detoured around work zones throughout the work. Residents will experience elevated noise. Please plan extra travel time, watch for wayfinding information, and obey traffic control personnel and all signs.

Once the new traffic conditions are implemented, W. Broadway will have two eastbound and two westbound lanes through the intersection at Cambie, with all traffic shifted to the south side of the road. These traffic conditions will be in place for approximately two weeks.

Please note, this information is current at the time of sending; however, schedules are subject to change. Visit www.broadwaysubway.ca for current details.

We know that construction can be disruptive, and we are working hard to minimize impacts in your neighbourhood. Thank you in advance for your patience. Updates will be provided at broadwaysubway.ca/construction, and the location of the work can be viewed on a map at: broadwaysubway.ca/construction/maps/.
