

Next stage of construction underway at Mount Pleasant Station

December 19, 2022

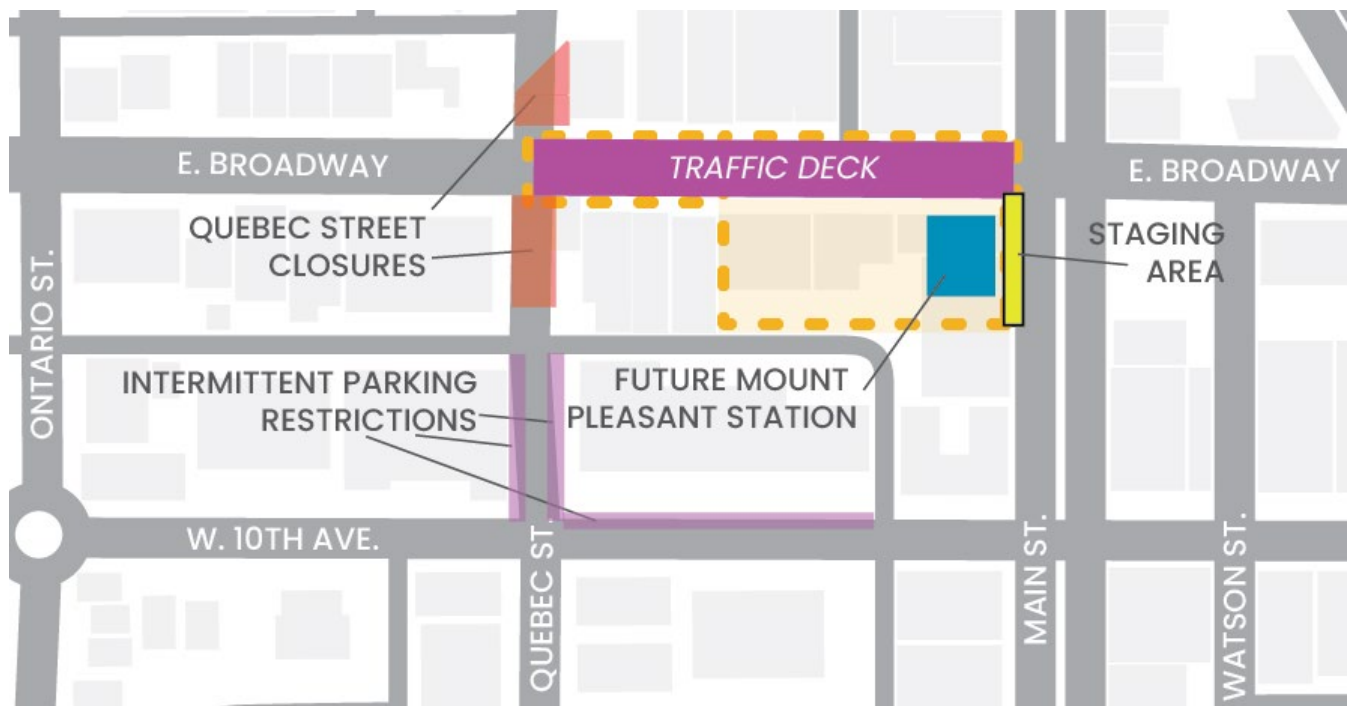

The Broadway Subway Project Corporation (BSPC) is in your neighbourhood building the future Mount Pleasant Station. Construction of the station will continue into 2024, and activities are currently focused on preparing for the arrival of the tunnel boring machines and completing the foundation for the underground station area.

Residents and businesses will experience some noise and vibration during this work. People in the area can expect some sidewalk detours, temporary lane restrictions on Main and Quebec streets and 10th Avenue to accommodate deliveries of materials and equipment, and reduced street parking, speed limits and travel lanes. Please plan extra time, watch for wayfinding information, and obey traffic control personnel and all signs.

We know that construction can be disruptive, and we are working hard to minimize impacts in your neighbourhood. Thank you in advance for your continued patience while we build this important transportation infrastructure project.

Please note, this information is current at the time of sending, however schedules are subject to change. For the most current details, visit www.broadwaysubway.ca.

Hours of Work: Typical hours of work are Monday to Saturday from 6 a.m. until 10 p.m. There may be occasional work on Sundays or holidays.
