

# Next stage of station construction begins in Broadway-City Hall

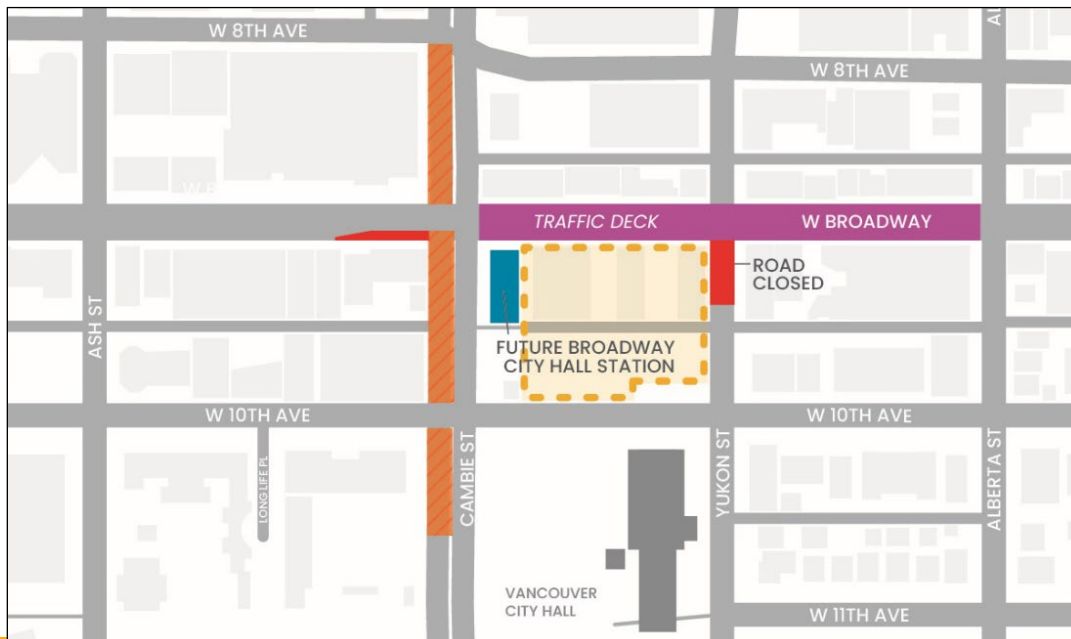

January 11, 2023

The Broadway Subway Project Corporation (BSPC) is in your neighbourhood building the future Broadway-City Hall Station. Construction of the station is expected to continue into 2025 and is currently focused on completing the foundation and preparing for the arrival of the tunnel boring machines. Work along Cambie continues with excavation that will enable the connection underground between the extended Millennium Line and the Canada Line. The traffic deck will be fully complete once additional panels are installed to allow the eastbound bus stop to be relocated in front of the Broadway-City Hall Station entrance.

Residents and businesses will experience some noise and vibration during the construction. People in the area can expect changes to pedestrian access, increased trucking activity to accommodate deliveries of equipment and materials including concrete, as well as temporary traffic lane restrictions, reduced street parking, speed limits and travel lanes. Please plan extra time, watch for wayfinding information, and obey traffic control personnel and all signs.

We know that construction can be disruptive, and we are working hard to minimize impacts in your neighbourhood. Thank you in advance for your continued patience while we build this important transportation infrastructure project. *Please note, this information is current at the time of sending, however schedules are subject to change. For the most current details, visit [broadwaysubway.ca](http://broadwaysubway.ca).*

**Hours of Work:** Typical hours of work are Monday to Saturday from 6 a.m. until 10 p.m. There may be occasional work on Sundays or holidays between the hours of 9am and 8pm. Please note the Project also has the ability to work 24/7 and we will provide further notifications in advance of specific activities.
