

UPDATE: Work to install the traffic deck panels on the north side of W. Broadway at the future Arbutus Station continues through March

February 28, 2023

Note: The notice from [December 8, 2022](#) includes this work and we have updated scheduling and traffic details to share.

The Broadway Subway Project Corporation (BSPC) is in your neighbourhood installing the traffic deck in the future Arbutus station blocks. While most of the work will be conducted during the day, there will be periods of night work to place support beams, stabilizing pins, and traffic deck panels on the north side of W. Broadway, between Arbutus and Cypress streets. The deck is expected to be completed in spring 2023.

What to Expect

Access to residences, businesses, and parking lots will be maintained throughout the work. People in the area can expect sidewalk modifications, lane and turn restrictions on W. Broadway, Maple and Cypress streets. Pedestrians will be detoured around the work if required. Please plan extra time, watch for wayfinding information, and obey traffic control personnel and all signs. Check out our Project [video](#) for more details on how we are building the traffic deck.

Residents will experience elevated noise during the work. Mitigation measures include, but are not limited to, conducting the noisiest construction activities during the day and early evening and utilizing quieter types of equipment, when possible. Please plan extra travel time, watch for wayfinding information, and obey traffic control personnel and all signs.

Please note, this information is current at the time of sending; however, schedules are subject to change. Visit www.broadwaysubway.ca for current details.

We know that construction can be disruptive, and we are working hard to minimize impacts in your neighbourhood. Thank you in advance for your patience. Updates will be provided at broadwaysubway.ca/construction.
