

Intermittent noisy work north of W. Broadway on Maple and Cypress streets

February 13, 2023

The Broadway Subway Project Corporation (BSPC) is in your neighbourhood completing the traffic deck in the future Arbutus Station blocks. Crews will be intermittently working with hydro vac machines on Maple and Cypress streets north of W. Broadway during utility work.

Timing

- Regular hours of work are Monday to Sunday from 7 a.m. to 8 p.m.
- This work is expected to take place intermittently until the end of March.

What to Expect

- Elevated noise levels related to the hydro vac work. There will be noise dampening panels around the machines to help reduce noise related to these machines.
- Increased truck traffic, some traffic congestion, reduced speeds, and detours around the work as required.

Access for all abilities will be maintained to residences, businesses, and services. Please plan extra travel time, watch for wayfinding information, and obey traffic control personnel and all signs. The red on the map below shows the general work area.

We know that construction can be disruptive, and we are working hard to minimize impacts in your neighbourhood. Thank you in advance for your patience. Please note, this information is current at the time of sending; however, schedules are subject to change. Updates will be provided at broadwaysubway.ca/construction.
