

Night work to implement traffic changes at Broadway-City Hall starting at 8 p.m. February 11

February 10, 2023

The Broadway Subway Project Corporation (BSPC) is in your neighbourhood to implement the next stage of traffic changes at the future Broadway-City Hall station. The traffic shift signals completion of the traffic deck and establishes the longer-term traffic configuration, which includes restoring left-turn lanes on W. Broadway at Cambie. Work will include line painting, relocating traffic barriers, and signal work.

Timing

February 11 starting at 8 p.m. through 6 a.m. the following morning.

What to expect

- W. Broadway will be reduced to one lane in each direction between Yukon and Ash streets.
- Cambie Street will be reduced to one lane in each direction between W. 8th and W. 10th avenues.
- Vancouver Police will be directing motorists and pedestrians at the intersection of W. Broadway and Cambie Street while traffic signals are repositioned.
- The eastbound 99 B-Line bus stop in the 500-block of W. Broadway will be temporarily relocated to the west side of Ash Street during the work.
- Pedestrians may be detoured around work zones.
- Some elevated noise.

Mitigation measures include, but are not limited to, installing white noise back-up signals on construction equipment. Please plan extra travel time, watch for wayfinding information, and obey traffic control personnel and all signs.

Benefits

- The #99 B-Line eastbound bus stop will be moved to in front of the Broadway-City Hall Canada Line Station beginning Monday, Feb. 13.
- A dedicated left-turn lane and signal will be added for vehicles turning from Broadway onto Cambie Street in each direction. Left turns from Cambie onto Broadway will remain restricted.

Thank you for your patience

We know that construction can be disruptive, and we are working hard to minimize impacts in your neighbourhood. Thank you for your continued patience while we build this important transportation infrastructure project.
