

## Night work at the future Arbutus station begins June 26<sup>th</sup>

June 21, 2023

The Broadway Subway Project Corporation (BSPC) is in your neighbourhood building the future Arbutus Station. As crews prepare the station for the arrival of the tunnel boring machines, we will be working overnight along W. Broadway between Arbutus and Cypress Streets. Night work includes welding activities below the traffic deck.

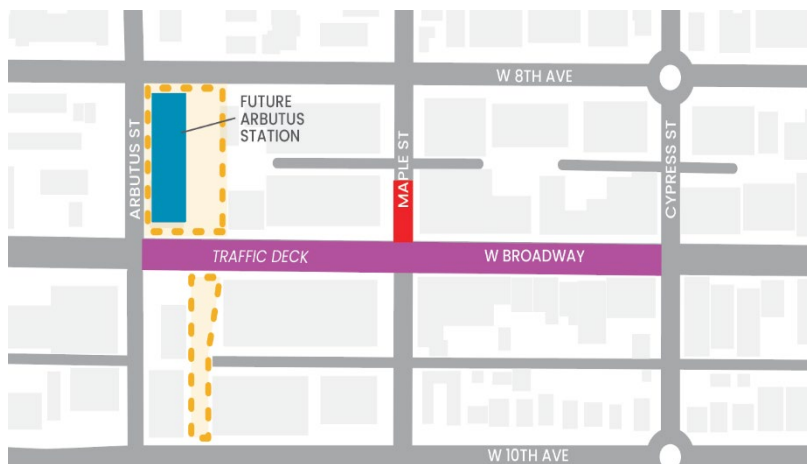

### Timing

- Night work hours are from 10 p.m. until 4 a.m. Work will begin June 26 and continue through August.

### What to expect

- Some elevated noise related to welding activities.
- Overnight lighting focused on our sites to ensure crew safety.

Mitigation measures include, but are not limited to, utilizing quieter models of equipment, including hand tools, and directing all lights away from residential buildings. Noisier supporting activities, such as the delivery of materials to site and other work above the traffic deck, have been scheduled during daytime hours. Please plan extra travel time, watch for wayfinding information, and obey traffic control personnel and all signs.

### Thank you for your patience

We know that construction can be disruptive, and we are working hard to minimize impacts in your neighbourhood. Thank you for your continued patience while we build this important transportation infrastructure project.
