

Intermittent noisy work on W. Broadway at Cypress Street July 26-28

July 24, 2023

The Broadway Subway Project Corporation (BSPC) is in your neighbourhood completing the excavation of the future Arbutus Station. Crews will be intermittently drilling and using hydro vac machines on W. Broadway at Cypress Street to accommodate geotechnical activities in advance of the arrival of the tunnel boring machines.

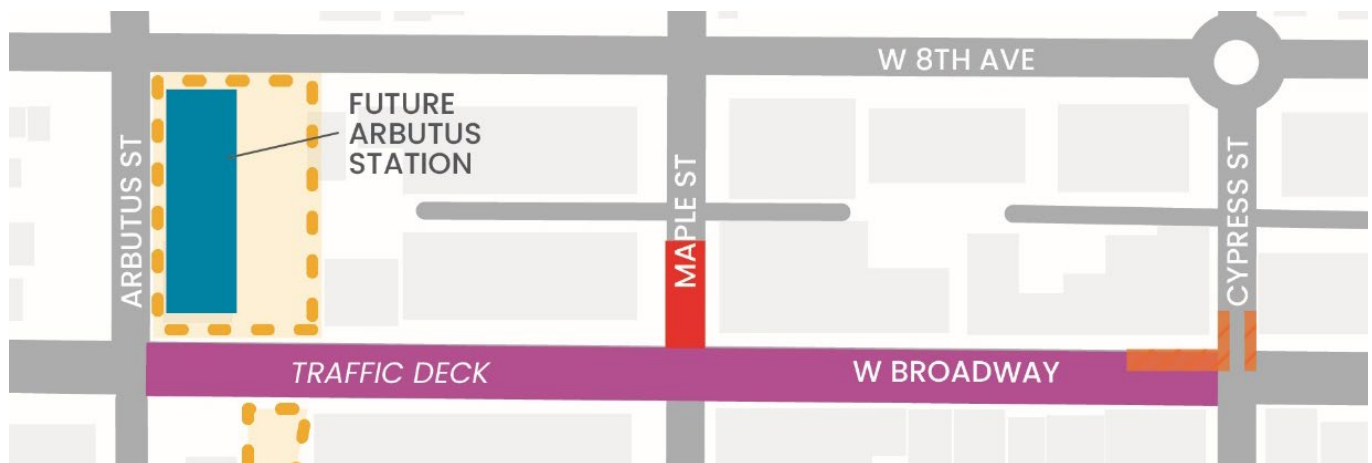

Timing

This work is expected to take place from Wednesday, July 26 until Friday, July 28 between 8 a.m. and 5 p.m.

What to expect

- Elevated noise levels related to the hydro vac work.
- Increased truck volumes, some traffic congestion, reduced speeds, and detours around the work as required.
- Lane reductions on W. Broadway and Cypress Street during the working hours.

Mitigation measures include, but are not limited to, noise dampening panels around the machines to reduce noise. Access for all abilities will be maintained to residences, businesses, schools and services. Please plan extra travel time, watch for wayfinding information, and obey traffic control personnel and all signs. The orange area on the map below indicates the work area.

Thank you for your patience

We know that construction can be disruptive, and we are working hard to minimize impacts in your neighbourhood. Thank you for your continued patience while we build this important transportation infrastructure project.
