

Concrete Activity on March 12, 2025 at Arbutus Station

March 10, 2025

The Broadway Subway Project Corporation has scheduled an upcoming concrete pour at the future Arbutus Station. Further details are available below.

Construction Activities

A concrete pour will take place:

- On Wednesday, March 12, 2025; work hours are from 7 a.m. to 7 p.m., with the first concrete truck arriving on-site around 8 a.m. Low-noise work will continue into the evening to complete related activities.

What to expect

- The concrete pump will be located on the north side of W. Broadway, west of Maple Street. Concrete trucks will also be staged in this block.
- There will be approximately 40 trucks involved in this pour.
- Please note that concrete trucks are required to have their engines running at all times to keep their drums turning, and to use traditional back-up alarms for crew safety.

Traffic

Temporary traffic changes may be in place during the concrete pour as follows:

- Traffic control personnel will be on-site to manage pedestrians, cyclists and concrete trucks.
- Access to businesses, health services, and residences will be maintained for all activities.

Thank you for your patience

We know that construction can be disruptive, and we are working hard to minimize impacts in your neighbourhood. Thank you for your continued patience while we build this important transportation infrastructure project.

Please note, this information is current at the time of sending, however schedules are subject to change. For the most current details, visit www.broadwaysubway.ca/current-work/.
