

Concrete Activity between April 29 and May 31, 2025 at Oak-VGH Station

April 25, 2025

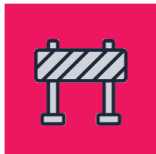

The Broadway Subway Project Corporation has scheduled multiple concrete pours at the future Oak-VGH Station over the coming weeks. Further details are available below.

Construction Activities

Concrete pours will take place:

- On Tuesday, April 29; work hours are from 5 a.m. to 6 p.m., with the first concrete trucks arriving on-site around 6 a.m. Approximately 80 trucks are expected for this pour.
- Throughout May; work hours are from 7 a.m. to 5 p.m., with the first concrete trucks arriving on-site around 8 a.m. Between 5-20 trucks are expected for each of these pours.

What to expect

- Concrete pumps will be located inside the station site, east of Oak St. on W. Broadway, and in the emergency laneway on Laurel St. Concrete trucks will utilize the laneway south of W. Broadway, between Oak St. and Willow St., for truck access to the site.
- Low-noise work will continue into the evening to complete related activities.
- Please note that concrete trucks are required to have their engines running at all times to keep their drums turning, and to use traditional back-up alarms for crew safety.

Traffic

Temporary traffic changes may be in place during the concrete pour as follows:

- Parking will be restricted in the southbound lane on Laurel St., between W. Broadway and W. 10th Ave, from Tuesday, April 29 to Friday, May 2, 6 a.m. to 6 p.m. and additional days as required. Watch for on-street notifications.
- Traffic control personnel will be on-site to manage pedestrians, cyclists and concrete trucks.
- Access to businesses, health services, and residences will be maintained for all activities.

Thank you for your patience

We know that construction can be disruptive, and we are working hard to minimize impacts in your neighbourhood. Thank you for your continued patience while we build this important transportation infrastructure project.
