

Concrete pour on May 28 at the Great Northern Way-Emily Carr Station

May 27, 2025

The Broadway Subway Project Corporation is in your neighbourhood building the future Great Northern Way-Emily Carr Station. On Wednesday, May 28, crews will complete one of the last major concrete pours for the station.

Construction Activities

- Set up begins at 6 a.m., with the first concrete truck arriving at 7 a.m. Work is expected to be completed by 6 p.m. with some finishing work to continue until 8 p.m.
- We anticipate 75 trucks for this pour.

What to expect

- During the pour residents can expect two concrete pump truck set ups; one on the sidewalk and Central Valley Greenway next to Great Northern Way, and another inside site laydown area.
- There may be increased noise during the work as concrete trucks are required to keep their engines running continuously to maintain the rotation of their drums. Additionally, traditional back-up alarms will be utilized for crew safety instead of white noise signals.

Traffic

Temporary traffic changes will be in place during the pour:

- The westbound curb lane on Great Northern Way will be closed as we detour pedestrians and cyclists around the work.
- Bus stop #61684 for the #84 UBC bus will be maintained.

Mitigations

Mitigation measures include, but are not limited to:

- Flaggers will be on site to manage trucks, pedestrians and cyclists.

Thank you for your patience

We know that construction can be disruptive, and we are working hard to minimize impacts in your neighbourhood. Thank you for your continued patience while we build this important transportation infrastructure project. Please note, this information is current at the time of sending, however schedules are subject to change. For the most current details, visit www.broadwaysubway.ca/current-work/.
