

Arbutus Station Structural Work Progressing Above Ground – Overnight Work Required

October 2, 2025

Crews are continuing the construction of the future Arbutus Station, by preparing for major structural concrete pours on the west side of the station. This work includes rebar installation and related activities for the underground station roof at Arbutus Street. Some of this work will occur intermittently at night through the remainder of the year. We'll continue to share updates as this important project moves ahead in your neighbourhood. Further details are available below.

Construction Activities

- Regular work hours continue through the day and night hours proceed from 10 p.m. to 1 a.m.

What to expect

- Some intermittent elevated noise related to construction activities.
- Overnight lighting focused on our sites to ensure crew safety.

Traffic

- Temporary traffic changes may be in place during some construction activities.
- Access to businesses, health services, and residences will be maintained for all activities.

Thank you for your patience

We know that construction can be disruptive, and we are working hard to minimize impacts in your neighbourhood. Thank you for your continued patience while we build this important transportation infrastructure project.
