## Concrete pour October 22 at future Broadway-City Hall Station

October 20, 2025

The Broadway Subway Project Corporation has scheduled a concrete pour at the future Broadway-City Hall Station on October 22. Further details are below.

### Construction Activities

A concrete pour will take place on October 22:

- Work hours are from 6 a.m. to 7 p.m. The first concrete truck will arrive at around 7 a.m.
- Low-noise work will continue into the evening to complete related activities.

### What to expect

- Three concrete pump trucks will be set up at the west end of the construction site laydown area. Approximately 95 concrete trucks are expected.
- Please note that concrete trucks are required to have their engines running at all times to keep their drums turning, and to use traditional back-up alarms for crew safety.
- During large concrete pours, there may be times when additional holding areas for concrete trucks are temporarily required.

### Traffic

Temporary traffic changes may be in place during the concrete pours as follows:

- Concrete trucks will arrive to and leave from the construction site via Yukon Street between Broadway and W. 12<sup>th</sup> Avenue.

## Thank you for your patience

We know that construction can be disruptive, and we are working hard to minimize impacts in your neighbourhood. Thank you for your continued patience while we build this important transportation infrastructure project.
