Concrete Pour on November 26 at Arbutus Station

November 24, 2025

The Broadway Subway Project Corporation has scheduled a concrete pour at Arbutus Station west of Cypress Street on Wednesday, November 26.

Construction Activities

A concrete pour will take place on November 26:

- Work hours are from 7:00 a.m. to 7:00 p.m. The first concrete truck will arrive on site around 8 a.m. Low-noise work will continue into the evening to complete related activities.

What to expect

- The concrete pump will be located on the north side of W. Broadway, west of Cypress Street. Concrete trucks will also be staged in this block.
- There will be approximately 45 trucks involved in this pour.
- Please note that concrete trucks are required to have their engines running at all times to keep their drums turning, and to use traditional back-up alarms for crew safety.

Traffic

- Current traffic conditions remain in place during the concrete pour.
- Traffic control personnel will be on-site to manage pedestrians, cyclists and concrete trucks.
- Access to businesses, health services, and residences will be maintained for all activities.

Thank you for your patience

We know that construction can be disruptive, and we are working hard to minimize impacts in your neighbourhood. Thank you for your continued patience while we build this important transportation infrastructure project.
