Arbutus Station concrete pour on December 23

December 19, 2025

The Broadway Subway Project crews at Arbutus Station will carry out the final roof concrete pour on Tuesday, December 23, placing approximately 950m³ of concrete, which is enough to fill eight 99 B-Line buses. To mark the completion of the underground station roof, Arbutus Station will become the sixth and final station on the project where crews will stamp a Canadian Maple Leaf and embed a special edition Loonie into the concrete.

Construction Activities

- Set up begins at 5.00 a.m. with the first concrete truck arriving at 6 a.m. The pour will be completed by approximately 10 p.m.
- Approximately 110 trucks are expected.

What to expect

- Two concrete pump trucks will be used for the pour as needed, with one positioned at the W. Broadway and Arbutus Street intersection and the other located within the construction enclosure.
- Low-noise work may continue into the evening to complete related activities.
- Please note that concrete trucks are required to have their engines running at all times to keep their drums turning, and to use traditional back-up alarms for crew safety.

Traffic

- Current traffic conditions remain in place during the concrete pour.
- Traffic control personnel will be on-site to manage pedestrians, cyclists and concrete trucks.
- Access to businesses, health services, and residences will be maintained for all activities.

Thank you for your patience

We know that construction can be disruptive, and we are working hard to minimize impacts in your neighbourhood. Thank you for your continued patience while we build this important transportation infrastructure project.
