

Night work at Broadway-City Hall Station for traffic deck removal

July 22, 2026

The Broadway Subway Project Corporation is in your neighbourhood removing the traffic deck. Crews will be working through the day and overnight, six days a week, for approximately four weeks to remove and truck away the traffic deck panels and girders used to maintain traffic on W. Broadway during excavation and construction of the underground station between Alberta and Cambie streets.

Construction Activities

- Removing the traffic deck components, including panels, girders and other steel elements.
- Additional nighttime activities include, but are not limited to trucking, saw cutting, welding, craning activities, and receiving deliveries.

What to expect

- Regular work hours are from 6 a.m. to 10 p.m., Monday through Saturday. Night work for these activities will be from 10 p.m. until 6 a.m.
- Elevated noise related to some construction activities.
- Access will be maintained to residences, businesses, and services. Sidewalks remain open and accessible, including on W. Broadway, Alberta Street, W. 8th Avenue, Cambie Street and Ash Street.

Traffic

- Traffic conditions at night are the same as during the day. Check the [maps page on our website](#) for a map of the detour route and parking areas.

Mitigations

Mitigation measures include, but are not limited to:

- Installing noise barriers.
- Directing lights away from residential buildings.
- Using quieter models of equipment at night where possible.

Thank you for your patience

We know that construction can be disruptive, and we are working hard to minimize impacts in your neighbourhood. Thank you for your continued patience while we build this important transportation infrastructure project.
