

Broadway-City Hall Station - scheduled night work on October 13 through 16

October 8, 2026

The Broadway Subway Project is in your neighbourhood restoring Broadway between Alberta and Cambie Streets. As part of this work, crews will be working overnight from Tuesday, October 13 to Friday, October 16. We will be relocating the water main from Broadway-City Hall to its permanent location. Water to some neighbouring businesses will be temporarily shut off while their water service connections are relocated. Project staff are directly sharing further information with all businesses that will be affected by the water shutoffs. The water main utility tie-in is scheduled overnight when flows are significantly lower to help ensure the health and safety of crews performing this work and to minimize the impact on businesses and residents.

Construction Activities

- For four nights starting October 13 to October 16, crews will be working between Alberta and Cambie streets from 8 p.m. to 6 a.m.
- Activities include but are not limited to, hydrovac work, excavation, pipe installation, saw cutting and truck movements.

What to expect

- Project staff are directly sharing further information with all businesses that will be affected by the water shutoffs.
- Pedestrians will be detoured around work zones between Alberta and Yukon Streets using the laneway north of Broadway Wednesday to Friday. Flaggers will be on site to help direct pedestrians.
- Overnight lighting focused on our work area to ensure crew safety.
- A hydrovac will be intermittently used to support the tie-in activities overnight on Wednesday, October 14 to Friday, October 16.
- Access to businesses and residences will be maintained.

Mitigations

Mitigation measures include, but are not limited to:

- Noise barriers installed around some sources of noise.
- White noise back-up signals on equipment.
- Directing lights away from residential buildings.

Thank you for your patience

We know that construction can be disruptive, and we are working hard to minimize impacts in your neighbourhood.
