South Granville Station – Utility work on Hemlock Street includes night work

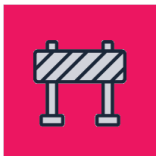

October 29, 2026

Permanent utility work at South Granville Station will resume at the intersection of Hemlock and W. Broadway. While most work will take place during daytime hours, some overnight work will be required to minimize daytime traffic disruptions. On Thursday, October 29, there will be one night of work to locate utilities. Starting early next week there will be approximately one week of night work. The overall work at this location is expected to take approximately three weeks and is weather dependent. This work is taking place alongside backfilling and road restoration work on W. Broadway.

Construction Activities

- Regular hours of work are from Monday to Saturday from 6 a.m. until 10 p.m. There may be work that starts earlier or work on Sunday and holidays.
- Night work on October 29 and the following week for approximately one week 7 p.m. to 7 a.m.
- Activities include, but are not limited to, hydrovac work as required, excavation, pipe installation, manhole installation and truck movements.

What to expect

- A pump will be set up in the northbound curb lane at the southeast corner of the laneway and Hemlock Street to support bypass connections.
- Elevated noise related to some construction activities and pump operations.
- Overnight lighting focused on our work area to ensure crew safety.
- Access to businesses, health services, and residences will be maintained.

Traffic

- Intermittent lane closures on Hemlock Street between W. 8th and W.10th avenues.
- Intermittent single-lane alternating traffic on W. Broadway at the Hemlock Street intersection between 8 p.m. and 5 a.m.
- Left turns at Hemlock Street and Broadway intersection will be restricted; some right-turn restrictions will also be in place.
- Parking restrictions will be in effect on Hemlock Street between Broadway and W.10th Avenue.

Mitigations

Mitigation measures include, but are not limited to:

- Noise barriers installed around hydrovac where feasible.
- White noise signals installed on construction equipment when possible.

Thank you for your patience

We know that construction can be disruptive, and we are working hard to minimize impacts in your neighbourhood. Thank you for your continued patience.
